CIRCUIT COURT OPENS

Entry of Reversal by the Supreme Court Made in the Case of Ambler vs. Bentley, a Salem Case

TATE AND TAYLOR CASE IS SUBMITTED

Lisbon, Oct. 30.—The circuit court, consisting of Judge John M. Cook of Steubenville, Judge Jerome B. Burroughs of Painesville and Judge Peter A. Laubie of Salem, commenced its fall session in the common pleas court room yesterday afternoon. Two or three new cases were added to the docket since the assignment was printed, but several cases having been continued and otherwise disposed of, less than 20 will remain to be brought to the attention of the court.

In the case of Byron S. Ambler, plaintiff in error, vs. Wm. G. Bentley, administrator of Martha J. Street, deceased, et al., defendants in error, an entry was made in accordance with a mandate of the supreme court reversing the circuit court and finding in favor of Mr. Ambler. The supreme court found that the defendant, Wm. J. Homer J. and Harrold Street, together with Elizabeth Street, executed and delivered to Mr. Ambler, who was a party defendant in common pleas court, the mortgage and promissory note set up in his answer, on which the court finds there is now due $2,000, with interest at 7 per cent from July 28, 1900, subject to certain credits. The court also found that the entire income from the estate of Martha J. Street, deceased, belongs to Wm. J. Street and wife, to be theirs absolutely, and that they pledged it to the payment of an obligation to Byron S. Ambler. The defendant administrator of Martha J. Street is therefore ordered to reinvest in approved security the proceeds of any sale of real estate that may have been made and apply the income on the Ambler indebtedness until paid. The prospective interests of Homer J. and Harrold Street, as heirs of Wm. J. and Marian Street, are also decreed to be subject to this indebtedness.

The case of Clarence Tate and Thomas Taylor, plaintiffs in error, vs. the state of Ohio, defendant in error, was submitted to the circuit court this morning on exceptions to the ruling of the common pleas court refusing a new trial. Tate and Taylor were convicted on a charge of arson. The principal grounds of error alleged against the lower court relate to the character and weight of the evidence, and the judge's charge to the jury.

The two cases of Enoch and Fred Flower and Enoch M. Flower, administrator with the will annexed of Elizabeth A. Flower, deceased, vs. Robert M. Chamberlain et al., in which appeal was taken by the plaintiff from a common pleas ruling dismissing their prayers for an injunction ordering an abatement of conditions complained of, were continued for settlement, which it is thought will be agreed upon before the next term of circuit court. Enoch and Fred Flower, as plaintiffs in one action, and Enoch M. Flower as plaintiff in the other action control respectively two tracts adjoining East Palestine. It was alleged that the construction of the race track in 1888 so interfered with the natural drainage that in 1895 the fair management dug a ditch to drain its premises. The plaintiffs alleged that in times of heavy rains this ditch discharged such a volume of water down a hillside onto their premises that great damage always resulted. Damage of $1,000 and an abatement of the situation were asked in each case. A jury viewed the premises and awarded $50 damages in each case, but the court refused an injunction.

On motion of counsel for the defendants in the appeal case of Chas. Morgan Wells vs. Daniel T. Lawson et al. the case was continued. The motion for continuance was granted on the grounds that the case of D. T. Lawson against the estate of his wife, Frances Ann Lawson, which involved the funds at issue in circuit court, is set down for hearing in the supreme court at Columbus November 16. The supreme court's finding may render unnecessary further litigation in circuit court.

The error case of Giles Megregor vs. George M. Aten et al. from Wellsville was dismissed on motion of the plaintiff at his cost. The case was heard in common pleas court a year ago.

The appeal case of Daniel T. Lawson vs. the Pennsylvania Co. et al.; the error case of the C. & P. Co. vs. Daniel T. Lawson, and the appeal case of Luella Weaver vs. Marina McMullin were all continued by consent.

The cases added to the docket were: Henry Chambers vs. the city of East Liverpool, appeal; S. H. Maneval, trustee, vs. the United Presbyterian church, East Palestine, appeal; H. J. Fraser et al. vs. S. H. Maneval, trustee, et al., error.

BAND CANCELS ITS SALEM ENGAGEMENT

Manager Nat Smith of the local opera house was advised Tuesday morning by Channing Ellery, manager and leader of the Ellery band, that the organization was compelled to cancel its engagement to give a concert in Salem Wednesday evening. This announcement will be quite a disappointment to local music lovers, who had anticipated an excellent entertainment.

Mr. Ellery states, in his letter to Mr. Smith, that the tour of the band through the smaller cities has not been successful, and that owing to small crowds the organization has been appearing at a daily loss of close to $200. This being the case, Mr. Ellery states that he is "up against it," and has decided to abandon his bookings at the smaller places.

The band appears at New Castle, Pa., tonight, and will jump from there to Cleveland, where he will give a concert next Sunday. After the Cleveland engagement, Mr. Ellery states, he will fill only engagements under guarantees, and when appearing under the auspices of some lodge or organization.

Manager Smith was considerably disappointed at the decision of Manager Ellery to cancel the Salem engagement, as he had received assurances from numerous local people that they would appreciate an attraction of this kind.

WILL PLAY YOUNGSTOWN

On next Saturday the Salem high school football team will go to Youngstown, where it will meet the strong Rayen high team of that city. A great game is anticipated, as the Rayen high was one of the fastest teams the Salem boys went up against last year. Quarterback Harris is still out of the game, and will probably not be in by next Saturday, though he hopes to be back in his old position soon.

O'Connor Funeral Tomorrow.

The funeral of the late Miss Mary O'Connor, whose death occurred quite suddenly Sunday morning, will be held at 9 o'clock Wednesday morning at St. Paul's Catholic church, McKinley avenue. Burial will be in Grandview cemetery.

Victor Foundry Down.

The Victor foundry was closed down on Monday on account of a scarcity of coke.

THOS. TURNER TO SPEAK ALSO

Canton Attorney Will Appear Here With Garfield

BIG RALLY IS PROSPECT

Central Committee Will Meet and Complete Arrangements Wednesday Evening—Hon. Jason H. Brooks Unable to Be Present.

Attorney Thomas Turner of Canton, a leading Stark county Republican and a towering figure at the recent congressional convention here, will deliver an address at the big rally to be held by Salem Republicans at the opera house Tuesday night. This arrangement was made Tuesday forenoon, when it was ascertained that ex-Prosecuting Attorney Jason H. Brooks of East Liverpool, who had been assigned to speak at the meeting, would be unable to keep the engagement.

The principal speaker will be Hon James R. Garfield, U. S. commissioner of corporations. Mr. Brooks had also been assigned to participate in the meeting, but found that he could not be here. The local committee, acting with County Chairman Hepburn, at once got into communication with Canton, and arranged to substitute Mr. Turner for Mr. Brooks.

Mr. Turner is recognized as among the brightest members of the Stark county bar, and an able orator, and the local committeemen are congratulating themselves at being able to secure so acceptable a substitute on such short notice.

The Republican central committee will hold a meeting Wednesday evening at 7:30 at the courtroom of City hall. The meeting will be for the purpose of completing arrangements for the big Republican rally to be held here Friday night, and to consider matters pertaining to next Tuesday's election. The call for the meeting was issued today.

PIPE LINE COMPANY HAD TO PAY COUNTY

Youngstown, Oct. 30.—The right to lay a pipe line across Berlin, Ellsworth and Milton townships has been granted by the county commissioners to the Buckeye Pipe Line Co., the grant, however, being conditioned upon a cash payment of $200 to the county. This is the first time a collection of this kind has been made with reference to a pipe line company.

The grant is conditioned further upon the company's establishing a pumping station within the county. It is also stipulated that the line shall follow the lines of certain roads and shall be laid as near the fences as possible.

About the only other item of interest coming before the board today is a petition for the straightening of Elm street, Struthers. This petition is signed by Helen S. and Charles R. Thomas.

NEW COMPANY TO TAKE OVER CHERRY VALLEY

Leetonia, Oct. 30.—It has been definitely learned that the United Iron and Steel Co., recently organized in Pittsburg and which will apply for a charter on November 20, will take over the interests of the Cherry Valley Iron Co. The new United company is headed by A. W. Thompson, formerly connected with the Republic Iron and Steel Co.; Joshua W. Rhodes of the Cherry Valley company, and Edwin N. Ohl of the same company. The properties of the company consist of the Fannie furnace at West Middlesex, Pa.; coke ovens and blast furnace at Leetonia; ore property in the Mesaba region, and valuable coking lands in the Connellsville region.

A Hallowe'en Suggestion.

To the Editor of The News:

Hallowe'en is coming and the boys are ripe for a time. Why not have a masked parade, with a band to help help keep it "going some?" I am sure the boys will do the rest.

Parades have taken place in other cities and have made the night a joyous one. Pittsburg is one city where it is celebrated on a large scale. Store windows decorated with pumpkin lanterns, parades, etc. Start the ball a rolling, invite all to take part, and I am sure it will prove a howling success. ONE OF THE BOYS.

Metzger Will Preside.

Attorney L. P. Metzger has been selected to preside over the big Republican rally to be held at the opera house here Friday evening which will be addressed by Hon. James R. Garfield and Hon. Thomas Turner. The rally will begin at 7:30 p. m.

Mob Violence Feared.

Franklin, O., Oct. 30.—George White, a negro resisting arrest for robbery, shot and killed George Basore, the town marshal. White was captured after an exciting chase. Mob violence is feared.

EDITOR CHAPPLE IS "FER" KENNEDY

Editor Joe M. Chapple in National Magazine of Boston says: "It was at a banquet given on McKinley's birthday at Youngstown, Ohio, some years ago, that I first became well acquainted with Congressman James Kennedy. He is one of those genial, wholesouled men whose sterling worth is realized more and more as one comes to know him. It is admitted that Mr. Kennedy has been a power in the legislation of this notable session, and his speech on the railroad rate bill elicited favorable comment from all sections and was commended by the justices of the supreme court of his state. As a representative of the district in which William McKinley lived Mr. Kennedy certainly has made a worthy record on matters of national legislation. His whole career has been one long contest with monopoly, and he is known as a solid man and a good lawyer.

"In response to an inquiry as to who would be the next candidate of the Republican party, he said to me:

"That great incorporal entity known as The Public has its attention focused and its face set like flint toward two purposes. First, that every American interest shall have protection from foreign competition. Second, that our domestic commerce and industries shall be freed from the exploitation of wicked monopoly, and that every man everywhere shall have a full chance and an equal opportunity.

"This antecedent status of the public mind is sufficiently indicative, and one need not be a prophet to know that—if the Republican party is to be further favored with the administration of government—it must nominate a man who is in full accord with the present administration, and the people must know that he is. If the national convention cannot agree upon such a one—Roosevelt is still young, and—he loves his country.

"This sentiment seems to prevail among a great many strong men in the party, and presents a phase of the presidential situation which was freely discussed during the closing days of the session. It suggests the platform upon which Mr. Kennedy goes before his people for re-election."

To Arrange for Fanning Meeting.

The Prohibition Salem city and Perry township central committee will hold a meeting this evening at George W. Sheehan's office to complete arrangements for the meeting in the opera house Thursday evening.

Plans for getting out the voters on

DESIRED ORDER ISSUED

Judge Harter Temporarily Restrains the Y. & O. R. Company From Tearing Up Portions of Lower Broadway Paving in Salem

HEARING IN CANTON MONDAY NOVEMBER 5

At Canton Monday afternoon Judge Henry Harter granted a temporary restraining order in favor of the Deming Co. and the Silver Manufacturing Co. against the Y. & O. R. R. R. Co., restraining the electric railroad company from tearing up or in any way attempting to construct an electric line on Broadway in front of the property owned by the two plaintiff companies, pending a hearing of the case, to be held before him in Canton next Monday, November 5. The restraining order was served on Engineer Wells and other local officers and employes of the company here Tuesday morning.

As stated exclusively in Monday's News, injunction proceedings were filed by the Deming Co. and Silver Manufacturing Co. at Lisbon Monday forenoon. The hearing of the application for a temporary restraining order was held in the afternoon before Judge Harter, and an order issued late Monday afternoon.

The company has not yet commenced any work in front of these properties, but apprehension that it contemplated doing so this week caused the early filing of the injunction proceedings. The restraining order ties the company up, preventing it from operating on Broadway anywhere between Etna street and the southern terminus of the thoroughfare. The Buckeye case and others further up the street effectually tie up work all along the street.

The Silver and Deming companies have equal issue with the Buckeye Engine Co., and were materially interested in the Buckeye case at the time it was started. This is partially due to the fact that Max P. Goodman, the original grantee of the Broadway franchise, had entered into an agreement to give the Silver, Deming and Buckeye companies switching privileges over his tracks on Broadway, south of Franklin avenue.

At the time the Buckeye case was filed the railroad company entered into an agreement with the Silver and Deming companies whereby it agreed not to commence to build the line along the street in front of the Silver or Deming properties, pending the hearing of the Buckeye case before Judge Harter. While it was anticipated that this agreement held good until after a decision had been handed down, such was not the case, technically, the agreement only holding up to the time of the hearing of the case by the court.

The latter part of last week the Y. & O. R. R. R. Co. served notice that it considered its agreement to have been fulfilled, and anticipating that the company meant to go to work tearing up the street and constructing the line this week, the two companies instituted injunction proceedings Monday.

Up to the present time Judge Harter has not handed down his decision in the Buckeye case, nor in those of Sharp and others. It is expected some time this week, but may not be given until the hearing in the Silver and Deming cases next week. In the meantime the Y. & O. R. R. R. Co. is practically tied up as far as operations on Broadway are concerned.

election day and the selection of inspectors will also be taken up.

Real Estate Changes.

H. H. Cook has purchased a fine residence lot on Jennings avenue of Hanna & Kridler and will build a home thereon in the near future.

Albert Lamborn has purchased property on East Sixth street of Martha A. Farmer as an investment, through the agency of Hanna & Kridler.

Disinfected Bosten Home.

Sanitary Policeman David Goodwin today disinfected the home of J. B. Bosten on East High street, where Frank Bosten, a son, has been ill with diphtheria. The lad's condition shows marked improvement.

CROKER LAUDS TAMMANY

Erstwhile Chief of That Clan Praises Its Achievements.

Dublin, Oct. 30.—In an interview published last evening in the Telegraph, Richard Croker, referring to Tammany hall and its alleged bad reputation, said:

"It is a case of giving a dog a bad name. If any one connected with the organization, however insignificant his position, does anything dishonorable, Tammany is blamed.

"The reformers never did anything for New York," Mr. Croker continued. "The great bridges, the elevated roads, the public buildings and everything are the work of Tammany. If there was corruption why did not the district attorney prosecute somebody? Tammany hall has succeeded entirely on its merits. It is the most democratic institution in the world. If anything is wrong with it then something is wrong with the people themselves. It stands not only for the poor man but also for the foreigner newly landed on American shores. It believes, as against the Republican party, that the foreigner should receive the benefits of the American constitution as soon as possible. It stands for equal rights."

Capt. E. E. Phelps, formerly of Salem, and who last spring entered the Grand Rapids (Mich.) Soldiers' Home hospital for treatment, writes a friend in this city that he has almost entirely recovered his health. He is at present, and has been since July, connected with a pleasure "boat livery" at Orchard Lake, 27 miles from Det[illegible] and is doing well.

PROBE MAY DIG INTO THE GAS COMPANIES

SAID TO HAVE BEEN DISCRIMINATING.

Large Consumers Given Favors Not Shown to Common Mortals—New Laws Maybe.

Columbus, Oct. 30.—There is a probability that gas companies will be included in the trust probe being made by the attorney general's department. Complaints are coming to the department from various parts of the state of rate discriminations and rebating to large consumers on the part of the gas companies. In some instances the heads and subordinate officers of large industries and commercial enterprises are reported to be receiving gas for domestic purposes at from 5 to 15 cents cheaper on the thousand feet than is charged the general public.

In counties where violations of this kind are known to exist it is the duty of the prosecuting attorney to file charges against the company. Attorney General Ellis is always ready to aid prosecutors in such cases, but will not assume the initiative unless it is evident that the latter are prone to shun their duty.

A bill will likely be introduced in the next session of the legislature requiring all gas companies to pay a tax of $1 per acre per annum on all leaseholds in Ohio. Under the present conditions thousands of acres of land are being held at a nominal rental of 10 to 25 cents per acre by the trust corporations merely to prevent the use of the output at present.

The disposition of the gas companies to boost the prices of fuel this year to what appears to be an exceedingly high figure, is likely to result in other legislation being proposed to compel these corporations to deal more fairly with the public.

Theatrical Company Arrives.

The theatrical company which will present "David Corson" at the opera house tonight arrived in town this morning from Sharon, where it gave a performance Monday night. The company carries 21 people and much scenery.

THE DESTRUCTION OF PROPERTY FORBIDDEN

MAYOR ISSUES A HALLOWE'EN WARNING.

Police Will Be on the Alert Tomorrow Night to Prevent Certain Pranks.

Mayor Carlile Monday afternoon issued his Hallowe'en proclamation which will be found elsewhere in this issue, and merits perusal by young and old. The mayor announces that innocent amusement and harmless pranks will be given full swing on this occasion, but that failure to keep within the bounds of decency and good order will be a signal for police intervention.

Especial attention is called to the fact that the destruction of property, and the placing of obstructions which endanger life and limb, will be positively prohibited, and a timely caution is issued against the annoyance of sick, poor or aged citizens or damage to their property.

The mayor asks the co-operation of parents, as well as school instructors, in enforcing a general observance of these instructions.

Indications point to a quiet Hallowe'en in Salem, no celebration of a general nature having been planned or arranged for, though there had been some talk of a general masque carnival. Innumerable private parties appropriate to the occasion have been planned, however, and various Hallowe'en social and dances will be held.

ADOPTING NEW SIGNALS

One of the most important steps in railroad operations for a number of years by any of the large railroad organizations was taken at Washington recently when the Railway Signal association, composed of about 800 members from all countries, approved a change in signal colors and positions governing the operation of trains.

The association approved the use of a green light at night for "proceed," yellow for "caution" and red for "stop." The use of the upper right hand quadrant for semaphore indications for day was also approved. These designs are now in use on a number of lines throughout America and Europe, although a great number of roads, including the Pennsylvania and Pittsburg & Lake Erie, are still using white to "proceed," green for "caution" and red for "stop."

Following the approval by this association will likely come a change by the roads that are now using the latter signals. The desire is to have a uniform signal system in colors for all lines.

Gamewell Man Here.

Fred S. Pace, representing the Gamewell Fire Alarm and Telegraph Co., arrived in the city this morning and will remain here over Wednesday to attend the meeting of the safety board tomorrow evening. At this meeting bids for the new fire alarm and patrol system will be opened. Several agents of the various alarm companies who are bidding on the system are in the city, and will be here for the meeting. Mr. Pace's company will submit a bid.

Anxious to Collect All Work.

The Needlework Guild will hold its annual meeting Wednesday afternoon at the home of Mrs. Mary Fawcett on East High street. This is the public meeting of the organization, and it will be held at 3 p. m.

The directors are anxious that the work be handed in tomorrow prior to the meeting. The work is not coming in as rapidly as desired, and it is the wish of the officers to have everything possible turned in Wednesday forenoon.

Dr. Leland Stricken.

Dr. Samuel Phelps Leland, the famous lecturer on "World Making," was stricken with paralysis of the throat a couple of days ago at his home in Chicago. Dr. Leland is well known in Salem, having frequently visited at the home of Dr. W. H. Booth, a close friend. Two years ago Dr. Leland gave a Memorial day address at the Auditorium.

Dinner Cards Issued.

Lisbon, Oct. 30.—Mrs. T. H. Johnson has issued cards for a 6 o'clock dinner at her home on East Walnut street Thursday evening in honor of her daughter-in-law, Mrs. R. R. Johnson, of Salem.

WATCHING FOR CHILD LABOR VIOLATIONS

Columbus, Oct. 30—The state department of workshops and factories is adhering closely to its policy of rigidly enforcing the law against child labor employment. During the past week the district deputies have secured nearly 50 convictions under the law, most of the violators being proprietors of mercantile establishments, who have been employing girls and boys under the prohibited age and after night. This is an evil the department always has considerable trouble with during the holiday season and approaching it. No boy under 16 years and no girl under 18 years may be employed later than 7 o'clock at night, and not earlier than 6 in the morning. Children under 14 years may not work, and those between that age and 16 must not unless they show a certificate from the school superintendent showing that they have certain educational requirements. The convictions this week were obtained in Cleveland, Dayton, Miamasburg, Columbus and Springfield. There are a score or more cases pending. In each case the minimum fine of $10 and costs was assessed. A plea of guilty was entered in each instance. The department is being commended for its uncompromising enforcement of the law, which is doing much to wipe out the child labor evil.

ONE WEEK TO DECIDE.

One week from today the voters will decide all mooted questions as to political preferment and events will drop back into the even tenor of their way. The only contest on in this county or district that arouses any interest is that for congress, and there is very little doubt as to the outcome in that.

The old parties are in opposition, as heretofore, and the issues between them are much the same. Protection against free trade; conservatism against radicalism; government control against government ownership; Republican progression against Democratic retrogression; Republican prosperity as contracted with Democratic adversity.

It is, or should be, well understood that all progressive movements inaugurated and consummated by the Republican party in the past fifty years of its existence have been achieved and accomplished by overcoming the continuous and continued opposition of the Democratic party, and that occasional Democratic victory during all this period has always brought business depression and consequent hard times.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The latest suggestion regarding the preservation of Niagara Falls, advanced by a Pittsburg engineer, is to say the least unique. He would have a great dam constructed across the Niagara river near Lake Erie and shut off a portion of the water at night that it might be used for generating power, while little can be seen of the falls. Then he would open the gates during the day so that the great spectacle would be undisturbed. He would have the governments of Canada and the United States lease the power thus developed and use the proceeds for improving waterways and harbors. The scheme doesn't appear to be very practical, but it at least expresses the wish of many that the profits from Niagara's power development might go to the government for some such worthy purpose instead of lodging in the pockets of a few greedy capitalists.

In December, 1893, acting under the suggestion of Samuel Gompers, the American Federation of Labor passed the following: "Resolved, that we heartily endorse said (silver convention) resolution and recommend to the members of congress and the United States senate that they pass a free coinage bill, at the ratio of 16 ounces of silver to one ounce of gold, as the one means of relieving the present monetary stringency and of bringing about a return to national prosperity." In the face of that ridiculous political blunder, Gompers this year insists that he is qualified to tell the American working man who he should elect to congress.

The Canton Morning News pleads for Welty votes because great business interests in the Eighteenth district are at stake this year. Isn't that about the limit? Great interests in the Eighteenth district are indeed at stake, but simply because Welty, the free trader, is making an active fight to be elected. Because these interest are at stake is the very reason Welty should not be elected.

A special from Sebring announces that there will probably be no political meetings in Sebring this year, and adds that they will not be necessary, for there is no doubt that Congressman Kennedy will run far ahead of his ticket. Even Democratic potters will vote for a Republican congressman, for they know just how much protection is worth to the pottery industry.

A bride in New Castle was "deserted at the altar" the other day, the groom failing to appear at the appointed hour for the wedding. She should consider herself fortunate that he chose to desert her before rather than after the ceremony.

SAILORS DRINK BAY RUM

Raided Ship's Barber Shop and Three Deaths Ensue.

Seattle, Wash., Oct. 30.—Three enlisted men of the battleship Wisconsin are dead and two are seriously ill as the result of drinking bay rum. Thomas F. Cox took the bay rum from the ship's barber shop and diluted it with water, and together with four companions became intoxicated. Their condition was not discovered until Sunday, when three of the men died. The dead: Thomas F. Cox, coal passer, enlisted at Pawtucket, R. I.; James Waffer, fireman, enlisted Troy, N. Y.; Nathan Preston, fireman, enlisted Cincinnati.

The sick men, William Reynolds and James Hitchcock, will recover.

MURDERS HIS CREDITOR

Italian Settles Quarrel With German Cobbler by Killing Him.

New York, Oct. 30.—Louis Lorenz, a Brooklyn shoemaker, was stabbed to death and his wife so severely wounded that she may die by Guiseppe Calbretto, an Italian. Mrs. Lorenz rescued her husband when she sought to restrain the Italian from continuing his attack upon her husband. The assailant and his brother, who was present when the trouble occurred, made their escape.

The quarrel which led to the murder of Lorenz and the injuries to his wife grew out of a debt of $35 which Calbretto owed Lorenz. When the brothers visited his shop Lorenz demanded immediate payment of the debt. Calbretto became enraged, but words were exchanged and suddenly the Italian drew a knife, leaping upon the shoemaker and plunged it into his body. Mrs. Lorenz rushed to her husband's assistance, but Calbretto turned upon her and drove the knife several times into her breast. She was unconscious on the floor beside her dead husband when a policeman arrived.

INDIANS SEEK HAPPINESS

That's Why They Left Reservation to Find New Homes.

Gillette, Wyo., Oct. 30.—Three hundred and fifty Utes, whom United States troops have been sent to intercept are still camped on Powder river, north of here, but are making preparations to move northwest to join the Northern Cheyennes on the Crow reservation. The Indians have already sent messengers ahead to select camping grounds and to notify the settlers and ranchmen that they mean no harm.

It is believed by old Indian fighters here that if proper diplomacy is used there is no likelihood of a fight with the redskins, who are inclined to be peaceable but resent the action of the government in demanding their return to their reservation.

The Indians assert that they left their reservation because they were dissatisfied with conditions there and would starve if compelled to remain. They simply left for self preservation and are going to "big water, wood, big game and life happy," as Chief Appah expressed it.

AWFUL PSORIASIS 35 YEARS

Terrible Scaly Humor in Patches All Over the Body—Skin Cracked and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty Days at Cost of $4.75.

ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, as it was about five years ago.

"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at nights after getting warm in bed, or blood warm by exercise, when it would be almost unbearable.

"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the State of Kansas. (signed) W. M. Chidester, Hutchinson, Kan., April 20, 1905."

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. "How to Cure Torturing Humors."

53 DEAD RECOVERED

Divers Clear Wreckage in Thoroughfare Creek of Ghastly Company.

CAUSE OF DISASTER NOT KNOWN

Coroner's Jury Examines Scene of Accident—General Manager Atterbury of Pennsylvania Railroad Explains Working of Drawbridge.

Atlantic City, N. J., Oct. 30.—The total number of dead in the appalling wreck of the electric train which plunged into the waterway separating this city from the mainland is now placed at 53. Of these 49 bodies have been identified, two bodies remain unclaimed in the temporary mortuary and two people are known to have been drowned, but their bodies have not as yet been recovered.

The identified dead are:

Emanuel Freed, New York, actor, known as "Manny" Bernard, nephew of Sam Bernard; Mrs. Mary Beneckert, Philadelphia; Clarence Beneckert, a son; W. L. Carter, Philadelphia; Mrs. W. L. Carter; James Paul Dempsey, Camden; Ida Dempsey; Mrs. Walter Bradish, Eastport, Me.; Mrs. Cora Bibber Brown, Eastport, Me.; Mrs. Selma Womfer, Camden; James Egan, Atlantic City; Mrs. Laura Lawrence, Philadelphia; Samuel Heil, Germantown; Rachel Heil; Walter Scott, Atlantic City; Dr. Alvin C. Hudders, Philadelphia; Mrs. Hudder; Dr. Paul Felsberg, Philadelphia; Mrs. Francis Felsberg; Frank Monroe, Atlantic City; Eddie Niessa, Philadelphia; Gertrude Hayes, colored, Camden; Mrs. Evelyn McElroy, Philadelphia; Olivia McElroy; John Zimmermann, Philadelphia; B. Finkelstein, Reading; Mrs. Ella Rittenhouse, Philadelphia; Ella Mary Rittenhouse; Albert L. Getman, Philadelphia; Albert Kessel, Camden; Charles Kessel; Mrs. W. H. Stewart, Wenonah, N. J.; William Stewart Rhyne; Martha Helsch, Philadelphia; William Edwards, Woodbury, N. J.; Frank Merward, Edward Merward, Philadelphia; Constantine C. Veorada, Philadelphia; Vincelso Domable, Atlantic City; G. Turner, colored, Atlantic City; Thomas Culvence, Philadelphia; Clifford Harris, Philadelphia; Sinclair Harris, John Kober, Philadelphia.

Some Bodies Unidentified.

Of the remaining bodies at the morgue one was partially identified as that of Arman Alexis Tadesco, of New York, the fiance of Miss Heisch, who was killed. One other body in an undertaking establishment is that of an old key peddler whose name no one seems to know.

In addition to this Joseph McElroy, three years old, son of Mrs. Evelyn McElroy, is known to have been drowned, as is H. N. Bosch, Camden.

A special car containing the bodies of the Philadelphia victims left last night for that city.

The day has been one of unceasing activity, of strenuous scenes and pathetic incident. Wrecking crews with derricks succeeded in bringing one of the two submerged cars to the surface and divers working in relays brought up bodies until their task was completed and their report was that no more bodies remained inside the second car or anywhere in the vicinity.

Interest now centers in the work of the coroner's jury which made an inspection of the scene of the wreck and the drawbridge at which the train left the rails.

After the forward car had been hoisted to the surface and the divers had made a final examination of the second car without finding any more bodies, W. W. Atterbury, general manager of the Pennsylvania railroad, who, with several of his assistants had been on the scene, expressed his belief that the total number of dead would not exceed 53.

Cause of Wreck a Mystery.

"There is a bare possibility that one or two others may have been killed," he said, "but I feel confident that the number of victims will remain at 53. I cannot believe that any of the unfortunates were carried out to sea by the tide."

On returning from the drawbridge Mr. Atterbury discussed the accident freely but when asked to give his theory as to the case of it he replied that it is still a mystery to him.

"I still believe," he declared, "that there was nothing wrong with the rails of the bridge. I am inclined to think the cause will be ascertained when the first coach is examined."

Mr. Atterbury himself showed the jurors how the bridge is operated and explained in detail the manner of opening and closing the draw. On their return to this city the jury decided to hold the first session of the inquiry on Thursday.

Although reasonably certain that the narrow waterway into which the electric train fell had been relieved of all its dead, the divers continued their work late into the night and maintained a diligent search. The wrecking crew was also kept busy preparing for the hoisting of the second car.

RUSH FOR GOLD CLAIMS

Opening of Reservation Is Occasion of Remarkable Stampede.

Thorne, Nev., Oct. 30.—With the firing of a blast of dynamite from the top of Grant Peak, the Alter Lake Indian reservation was opened to settlers at noon. At the signal hundreds of searchers for gold hurried helter skelter over the boundary lines of lake plain and mountain, and before the smoke from the dynamite explosion had drifted away a spectacular race of launches, automobiles, horses and all sorts of vehicles was on. So great was the rush across the desert from the line nearest Hawthorne that a number of persons narrowly escaped being trampled over and in numerous instances injuries were reported.

Horses were ridden until they dropped, and several automobiles stalled in the deep sand. Those who had waited for the signal before rushing into the reservation found, it is asserted, that all the more valuable claims in the vicinity of Rich, Dutchman's, Cottonwood and numerous other creeks emptying into Walker lake had been taken up by men who had unlawfully rushed in last night.

The opening of the reservation was not as imposing as it promised to be because many miners flocked into it during the night and early morning, overwhelming the Indian policemen, of whom there were only 14 to guard 75 miles of territory.

Special Land Agent Parks regrets that the alleged rush was allowed to take place. He said today that there is yet a possibility that the present opening may be declared invalid.

Newspaper Man Drowned at Sea.

Altoona, Pa., Oct. 30.—While on his way from New Bedford, Mass., to Buenos Ayres on a sailing vessel, Bayard W. Gable, aged 23, of this city, fell overboard and was drowned. The voyage was taken with a view to gathering material for a novel of the sea. Gable was a son of William F. Gable, the big department store man here. He was a newspaper man, with literary ambition and several years ago worked in the Tri-State news bureau offices at Pittsburg. He later became [illegible] of the New Bedford Times, where he conceived the idea of a sea novel.

LAST GENERAL ELECTION FOR TWO YEARS.

Not until November, 1908, will the citizens of Ohio have another opportunity after the present election to express themselves upon great public questions, whether state or national. The man who can not give a few minutes out of the long two years to the duties of his citizenship is unworthy of them and does not deserve to have them.

Men may talk as loudly as they please about their admiration for Roosevelt and their devotion to Republican principles, and may put into their pockets daily the personal benefit to them of the ascendency of those principles, but such voters will show small sense and less gratitude if they neglect to get to the polls on Tuesday, Nov. 6, this present year, to put in their own ballot for Roosevelt, Republicanism and Prosperity. Ohio has as many Roosevelt admirers today as it had two years ago, when they rolled up 255,321 plurality for him, to their own utter amazement. None but the stay-at-homes will diminish that majority this time. Those who fail or refuse to vote, by that very act contribute to confusion for Roosevelt and gratify his political opponents.

The choice must be between the two parties after all. The Republican party is Roosevelt's party, and he has said as strongly as it can be said that he wants Republicans elected to encourage and sustain him in his work, particularly members of congress. He knows that the Democrats as a party in congress have opposed him, and will still more strenuously try to thwart him in the last half of his term should they be stimulated by getting an increased number in congress. Individual Democratic candidates may say the smoothest things, but party ties would fetter and control them should they thus persuade Republicans to elect them. Once elected, they would be subject to the Democratic caucus. That has antagonized Roosevelt, and will do so still more vigorously to make capital for the presidential campaign.

Should neglect by Republicans elect enough Democrats, that would stop all progress under Roosevelt's plans. Nothing could be done but mark time for two years. Instead of going forward, matters would be at a standstill, and that is no better than going backward in public matters.

All these things are up to the voters. Each man needs to do his own duty. Let none neglect it.

FARMING IN FREE TRADE TIMES.

A little bit of personal experience on the part of a public man known throughout the state is so characteristic of what occurred in the Cleveland Democratic free trade times that it may well be repeated now that the Ohio Democratic campaign is an endeavor to bring back those conditions under the same old pretense of "tariff reform." The gentleman referred to is a farmer not far from Dayton. As he was going to that city in the height of the business troubles which came with Cleveland and went with McKinley, his wife asked him to take with him to sell there about 15 pounds of butter she had just made. It was of choice quality, but he was unable to find a purchaser until he had visited a dozen stores. Even then he was glad to get a buyer, and that at only 10 cents a pound.

The reason given him for the uniform failure to buy makes the incident in point at present. After he had met two or three refusals, he wanted to know in each case just why the dealer would not purchase, and the substance of each answer was the same. It was that their customers were out of work or on low wages and hence were buying so little butter that there was no market for it. Ohio has no busier industrial city than Dayton in Republican times. Such an occurrence would not be thought possible there at present, where thousands of artisans are busy and at good wages and are living well, as they could not do under Democratic free trade. Will their present prosperity induce any political apathy that will keep them from the polls or from voting for Republicanism this year, as they voted for McKinley to express their protests against their sufferings under free trade?

VOTE FOR ROOSEVELT.

The administration and policies advocated and championed by President Roosevelt comprise all the principal questions before the people of Ohio for consideration in the pending political canvass. President Roosevelt can not succeed without a Republican congress to assist him. His hands will be tied if a Democratic congress should be elected. If you are a supporter of President Roosevelt you can enforce your views by voting for Republican state and congressional candidates. Thus voting, you sustain President Roosevelt and his administration and vote for him almost as directly as you did in 1904 when you voted for Republican presidential electors.

OH! HOW THEY LOVE HIM!

The following sample of the Ohio Democracy's "love" for Roosevelt is from the issue of the Champaign County Democrat of Urbana for October 11:

"All signs indicate that President Roosevelt intends to annex Cuba to this country. Of course Mr. Roosevelt has no right to take such action, but that makes no difference to him. He does whatever he pleases, and the spirit of abject subserviency to the dictator in the White House has taken possession of the people of this country to such an extent that everything emanating from the president is accepted as the law and gospel."

ASK SHORTER DAY

Railway Unions Unite in Demand on Pennsylvania Lines.

Cleveland, Oct. 30.—Demands for a shortening of the working day and an adjustment of the wage scale were presented to all division superintendents of the Pennsylvania railroad west of Pittsburg by the Brotherhood of Locomotive Firemen and the Brotherhood of Railway Trainmen. A similar demands, it is stated, will be presented by the engineers.

The Pennsylvania, it is declared, maintains a 12-hour work day, as against the 10-hour day of other lines, and according to the employes, has no less than 34 different wage scales on its various lines. The men want overtime on all work over eight hours, though it is said they are willing to compromise on the basis of the hours of other railroad systems.

LITCHLITER TOO BUSY

Critchfield Calls Governor's Attention to His Political Activity.

Harrisburg, Oct. 30.—Secretary of Agriculture Critchfield has written a letter to Gov. Pennypacker calling attention to the conduct of Dr. Rex M. D. Litchliter of Franklin, chief clerk of the department of agriculture, in sending anonymous circulars to clergymen in Pennsylvania attacking Lewis Emery, Jr., Democratic-Lincoln candidate for governor.

The attaches of this department are subject to the control of the governor and for this reason Secretary Critchfield brought the matter to the attention of the executive, who will ask the clerk for an explanation.

Cost of Paint

The difference between the cost of good paint and inferior paint is very little in comparison with the total outlay for painting a house.

The time and labor is the big item. Seems very foolish to spend a great deal of time and money putting on paint which will not last. It is much wiser to use old-fashioned "white lead and linseed oil."

Fahnestock

is the standard white lead; is perfectly pure, and is made by the best method—the Old Dutch Process.

Paint pointers of value to the house-owner are found in our booklet. Send for it.

from the ordinary passably well dressed majority into the ranks of the faultlessly dressed men, why not take it?

Isn't it a satisfaction to be classed with men of position—to be wholly and thoroughly well dressed instead of almost passably so?

Isn't it worth something to wear clothes that emphasize your individuality—that elevate you above the majority—that mark you as a man who cares?

Isn't it worth something to you to deal with a firm who have been in honorable trade for twenty years?

We insist that the class of clothes we are turning out should interest you. Drop in and let us talk it over.

TAFT TALKS IN OHIO

Ridicules Bryan's Claim That Democrats Would Support Roosevelt.

DEFENDS WORK OF CONGRESS

Says Question of Coolie Labor on Panama Canal Should Not Be Viewed From Sentimental Standpoint—Goes to Help Uncle Joe.

Columbus, O., Oct. 30.—Secretary of War Taft spoke in the afternoon at Lorain and last night at Lancaster, making like speeches along with Congressman Burton of Cleveland and Albert Douglass of Chillicothe, the latter Republican candidate for congress in the Eleventh district, which now is represented by Gen. C. H. Grosvenor.

The war secretary confined himself almost exclusively to national questions and emphasized the necessity for the election of a Republican congress to uphold President Roosevelt. In this connection he ridiculed statements made last week by Mr. Bryan in his tour of Ohio to the effect that a Democratic congress should be chosen to support the president.

The denatured alcohol bill, pure food bill and other measures were referred to as evidence that the last Republican congress passed noteworthy laws.

Secretary Taft expressed the hope that the Philippine tariff bill would be passed. He said he had no criticism to make of those who had opposed it. He did not think it would injure American interests to the extent charged.

Regarding the Panama canal he said that he thought the excavation would be proceeding at the rate of 1,000,000 cubic yards a month. He upheld the employment of foreign laborers and the restriction of the Chinese bill to Americans for the reason that if it was extended to the foreigners out of whom it is almost impossible to get more than four days' work a week the big undertaking would be seriously delayed. The employment of Chinese, he said, should not be considered from a sentimental standpoint.

Secretary Taft came to Columbus last night and left later for Danville, Illinois.

COURT CLERK IN TROUBLE

Is Charged With Assault and Sued for Divorce.

Columbus, O., Oct. 30.—Lawson Emerson, clerk of the Ohio supreme court, was arrested at his home here on a charge of disorderly conduct, the complaint being made by his wife. Emerson claims that when he attempted to chastise his son, Glenn, aged 11 years, the lad struck him over the head with a stick, and then ran to the home of a neighbor. When Emerson followed he found the door locked against him.

Mrs. Emerson charges that her husband knocked her down during an argument and that when she fled to the home of a neighbor with her son Emerson followed and threatened to break in the door with an ax.

Last evening Mrs. Emerson filed a petition for divorce. She charges gross neglect and extreme cruelty and asks for a restraining order. The papers in the suit were immediately withdrawn and the attorneys refuse to say what the purpose of the injunction is until the case is argued in court today.

New Castle Strikers Confident.

New Castle, Pa., Oct. 30.—The great difficulty is being experienced by the Carnegie Steel company to keep the strike-breakers, who are imported here to take the places of the striking tinplate laborers. Almost as fast as the imported men learn that they are to take the places of strikers they refuse to work. The strikers feel they will win because of the company's pledge in securing 500 workers at the present condition of the labor market.

Part of Man Found in Sewer.

Birmingham, Ala., Oct. 30.—The partly decomposed torso of a white man was taken from the outlet of the Jefferson county trunk sewer below Bessemer and is held in Bessemer awaiting identification. While money and a plain gold ring were found in the pockets there is nothing by which the body can be identified.

AMUSEMENT NOTES

"David Corson."

There can be no doubt in the minds of the theater-going people of America that the name of Lottie Blair Parker will "go down to posterity" as one of the most successful playwrights of this age. Her incomparable work in "Way Down East" and "Under Southern Skies" has endeared her to millions of her own, as well as the sterner sex. In Mrs. Parker's dramatization of "David Corson" she has omitted none of the strong points or thrilling scenes, so faithfully depicted in that famous novel by Chas. Frederic Goss. We can safely assure the theater patrons an unusual treat in the production, which will be given at the opera house tonight. The company has been personally selected by Manager Harry Doel Parker, with the result that each man and woman fits the part allotted them.

Dancing Class Opened.

Prof. J. A. Hawkins opened his beginners' dancing class Monday evening at the Calumet hall. The opening attendance was about 40 persons, the sturdier sex contributing the greater part of that number. Mr. Hawkins was well pleased with the turnout and anticipates a much larger class on next Monday night, when the first regular lesson will begin.

An Event in Sunday Journalism.

The people of the middle west are rapidly discovering that the Sunday Magazine of the Chicago Record-Herald is not only a real magazine but also one of the greatest in this age of magazines. Its recent display of enterprise in paying $25,000 for the exclusive serial rights of Conan Doyle's new romance, "Sir Nigel," compelled even the editors of the famous monthlies to acknowledge the presence of a new and powerful rival.

When this was followed by Anthony Hope's new Zenda romance, "Sophy of Kravonia," the reading world needed no further proof that the Sunday Magazine of The Record-Herald was able to capture the finest and most costly new fiction offered in England and America. Its illustrations and cover designs in color have from the beginning been of unsurpassed beauty and artistic grace. Its short stories, descriptive articles, humor, poetry and sketches of all kinds are the choicest that the literary market affords, many of them being written by the most popular authors and magazine contributors in the United States. In short, it is an entertaining, high-class magazine that will bear comparison with the best independent weeklies or monthlies, whatever the price.

There is nothing else like it in American journalism.

Southerners Excited Over Cooper's Work

There seems to be no let-up in the excitement over the remarkable cures of stomach trouble and rheumatism that L. T. Cooper, the young philanthropist, is effecting with his medicine.

His work in New Orleans for the past few weeks has been creating wide attention in that section of the country. On the streets, in hotels and other public places Cooper's cures are the sole topic of conversation. He is discussed everywhere, and the newspapers contain daily reports of his work. A number of startling cases have been cited and the names of the most prominent citizens have appeared in connection, which fact seems to verify the truth of the reports.

In an interview with Mr. J. T. Russell, a well-known business man of New Orleans, living at 2538 Delachaise St., who is reported as having been cured of rheumatism with the new medicines, he said: "It is true that I have been wonderfully benefitted by Cooper's New Discovery medicine in a very severe case of Sciatic Rheumatism, from which I suffered for some time. I have used Cooper's medicines one week and the results have been truly marvelous. Before that time I was almost helpless, and now I can use the afflicted parts freely without the least pain. The swelling and soreness disappeared soon after I began using the treatment, and now I am improving every day."

Mr. A. J. Erskine, another prominent and influential man of New Orleans, living at 1965 Annunciation St., whose name was among those printed in a recent issue of the Picayune, was seen and talked freely of his experience. He was enthusiastic in his praise of Cooper, and said: "I am surprised myself at the wonderful results I have obtained from the use of these preparations, for my case was a most obstinate one and has baffled medical skill for the past three years. I have been suffering from Inflammatory Rheumatism, and some time ago I went to a hospital, where I received the best of care and was treated by several physicians, but without relief. One of my knees was greatly swollen, and so sore that I could not bear to touch it. I had tried everything I ever heard of, and had about given up hope of ever getting better when I began to read the stories of Cooper's marvelous work. I determined to see what his remedies would do for me, however, and began using them. At the end of the first week the swelling had been reduced and I could use my limb freely and without the least pain. I have been improving right along and now I feel better than I have for some time."

Cooper's preparations are well known in this city, and have affected some remarkable results here. At M. S. Hawkins' drug store, the local sales agency for the medicines, it is said that the demand has been enormous, and that the sales are still on the increase.

BOARD MUST SAY WHY

They Excluded Pupils and Caused Trouble With Japan.

San Francisco, Oct. 29.—Judge Wolberson of the United States circuit court has issued an order to the board of education of San Francisco citing that body to show cause why an injunction compelling the reinstatement of I. Yasshira, a Japanese pupil, recently excluded from the Pacific Heights grammar school, should not be issued. The board is ordered to answer Nov. 5.

This order was issued following an application for an injunction presented to Judge Wolberson with the intention of making a test case. The application for the injunction is made on the grounds that the present resolution of the board of education excluding Japanese pupils from the city schools is in violation of the constitution of the United States and also in violation of a treaty now existing between the United States and the empire of Japan.

MAN RANKERS FOR WAR

In Order That Bad Characters May Be Killed Off.

Washington, Oct. 27.—Secretary Bonaparte has received a letter from a resident of Louisiana suggesting that the United States should force "all the toughs, bootleg desperadoes and bad characters generally" into a war with "some vicious nation" in order that the undesirable elements referred to might be killed off.

Secretary Bonaparte, in replying, said that as the correspondent did not give his plan in detail he was unable to give an opinion as to its merits, but he called attention to the fact that it had been the experience in war that the percentage of desirable citizens killed was larger than the percentage of bad characters removed by the casualties of an armed conflict.

A Dozen Times a Night.

Mrs. Owen Dunn of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Sold by Bolger & French.

COACHING WOODRUFF

New York, Oct. 2?.—Max F. Ihmsen, chairman of the executive committee of the Independence league and manager of the campaign of W. R. Hearst for governor, made a statement in which he charged that the Republicans are attempting "to raise an enormous corruption fund for the purpose of electing Mr. Hughes. He also declared that Postmaster General Cortelyou had come to New York to show Chairman Woodruff, of the state Republican committee, how to raise a fund.

"I believe that the election is won today," said Mr. Ihmsen, "and that the victory can only be taken from Mr. Hearst by the Republicans stealing it.

"We are reliably informed that G. B. Cortelyou, postmaster general of the United States, has been here to show Mr. Woodruff how to raise an enormous campaign fund from the corporations. They cannot this year appeal directly to the trusts, so they will seek aid from the individual officers of those corporations.

"Our organization and the voters up the state will see to it this year that the tombstones don't vote. I am satisfied that we shall carry Kings county."

Chairman Woodruff issued the following statement in reply to Mr. Ihmsen's charge that George B. Cortelyou had been in this city to show Mr. Woodruff how to raise a big fund from the corporations:

"The statement is absolutely false from beginning to end. The fact is that not one dollar has been received from any corporation or corporation interests. What little money we have received, a sum up to the present time insufficient for absolute necessities of the state committee, without our having been able to officially assist a single county, has come from our appeal for a popular subscription, resulting in many contributions, the aggregate of which is very small."

While the gubernatorial candidates of the Republican and Independence league and Democratic parties were campaigning up-state there was no dearth of political interest in this city where a court decision practically wiped out the local congressional, senatorial and assembly ticket of the Independence league. Reversing the ruling of the board of elections the appellate division of the supreme court declared many nominating petitions filed by the league to have been improperly made in that they were intended to nominate candidates who were to run in overlapping or extended districts.

The exceptions to this ruling were mostly nominees against whom no protest has been made and whose cases consequently did not come before the court. Many Democratic candidates were among those removed, all of whom sought places under the league's emblem of the balanced scales. The league's judiciary ticket alone remains intact. The league will carry the matter to the court of appeals, if that body can be convened in special session.

While the decision directly affects the local ticket only, some concern was expressed regarding its possible effect up-state in places where the same practice in the matter of nominating petitions may have been followed.

MAKING HOT FINISH

Hughes and Hearst Begin Last Week of Empire State Campaign.

COURT IN SPECIAL SESSION

To Hear Appeal of Independence League From Decision of Lower Court—Hearst and Shearn Make Bitter Charges Against Opponents.

New York, Oct. 30.—Refreshed by the over Sunday lull the state candidates pitched in for the final and hardest week of the campaign. The Republican gubernatorial candidate spoke at Dansville and Syracuse and the head of the Independence league and Democratic ticket made night addresses at Auburn and Syracuse. C. E. Hughes pleaded before Republican mass meetings for sane judgment on big business interests and urged Republicans and Democrats alike to vote for a sincere administration of public affairs.

William R. Hearst assailed the corporations and bitterly arraigned the board of elections before whom many league nominating contests were heard. He asked his audience to free themselves of state officials controlled by money interests.

Both candidates will continue campaigning in the western part of the state until late in the week when they return for a whirlwind wind up in this city. So far both have drawn large and demonstrative audiences.

Chief Judge Edgar M. Cullen consented to call the court of appeals in session at Albany this afternoon to hear an appeal from the decision of the appellate division of the supreme court which declared void the petitions upon which many league candidates in New York county were nominated. Ex-Senator David B. Hill has been retained by the league to make the argument in behalf of the candidates excluded from the official ballot.

Scores of Meetings Held.

Scores of political meetings were held in this city last night. The judiciary nominators followed the practice of the state parties with hall and out-door gatherings in the interest of "unbossed judges."

Auburn, N. Y., Oct. 30.—W. R. Hearst, in his speeches at both Syracuse and Auburn, devoted much of his attention to an attack upon the New York election board and a discussion of his views of the effects of the decision of the appellate division on the Independence league nominating petitions, if that decision should be sustained by the court of appeals. He said in part:

"As election day approaches it becomes evident that we will have to meet this year all over the state of New York the same corrupt opposition and the same criminal election methods that we had to meet last year in New York.

"Certain great and powerful trusts and corporations which secured their wealth through governmental favoritism and political protection are determined to preserve their special privilege and to maintain their political rule. We should realize what happened and what will happen and we should prepare to meet it. Against liberty and corruption we must oppose honesty and public and patriotic duty.

Hearst Makes Charges.

"I have just come from Greater New York, and there fight against us has already been begun. The same old election board that last year helped McClellan to steal the mayor's office is still in power. The same old election board which helped McClellan to fight against an honest count of ballots actually in the boxes, which, within the last two months, has gone into court and asked to have the ballots destroyed in order that there may never be an honest count of the people's votes, is at this moment prosecuting an appeal in the hope of being able to destroy the ballots wherein lies the proof of their own guilt and the guilt of their appointee, the election officials.

"This corrupt board has begun to exercise its power still further in favor of corrupt interests that control and hope to continue to control our government.

"When the petitions of the people were filed with this board they were allowed to be marked and mutilated and in some cases destroyed. Scores of them were thrown out altogether and the action of this corrupt board was sustained, I regret to say, by the appellate decision of the supreme court.

Shearn Tells Weird Story.

"I assert publicly that this board is corrupt. I assert publicly that one member of this board has been under indictment 17 times. I have moved today to indict this election board and I have retained Gov. Hill and others of the ablest lawyers throughout this state to appear before the court of appeals and reverse, if possible, the action of this corrupt election board.

"In conclusion, let me say that if an honest election can be had, I am sure that we will carry the state of New York by from 200,000 to 250,000 plurality."

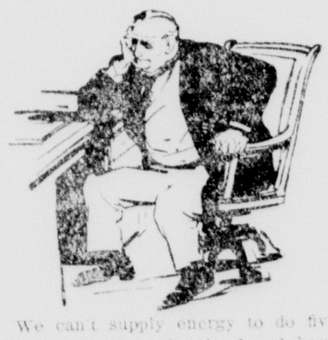
Clarence J. Shearn, Mr. Hearst's attorney, who followed, declared that he had learned of one dastardly scheme that had come to light through a man high in Republican circles.

"It is planned," he said, "to employ a half dozen well known anarchists to hold a series of meetings in as many sections of the state late in the week in which inflammatory speeches will be made denouncing President Roosevelt and calling upon anarchists to rally to the support of Mr. Hearst. These speeches and resolutions are to be played up in a series of sensational articles all over the state and offered to voters as proof of the charge made by the Republican candidate for governor that Mr. Hearst represents in this campaign the foes of the United States and the forces of indecency and mob violence.

"Just remember," he continued, "that the halls and the speakers for these anarchist meetings will all be paid for by Tim Woodruff with money collected by Shipbuilding Trust Sheldon, with the active co-operation of Cornelius Vanderbilt, whose railroad has just been fined $1,140,000 for rebating as a result of the pernicious activity of one William Randolph Hearst."

Did You Ever Stop to Think

Why You Become so Exhausted Before the Day Is Half Over?—It Is Because Your Digestive Organs Can't Keep Up the Pace in the Rush of Modern Business Life.



We can't supply energy to do five hours' work digesting beef and have energy left for our business, too. It's burning the candle at both ends.

Better economize on the digestion—not the business, especially since your grocer has a food that will give you five times as much nourishment as the best beefsteak and requires less digestive action than any other food.

Hardyfood is the best food for the busy man. It is always ready before he is. Hardyfood is very digestible and yet wonderfully appetizing. The business man never tires of Hardyfood, because it can be served in so many ways, either as it comes from the package or cooked.

Every mouthful of Hardyfood is real food and makes it part of bone, muscle, brain and nerve.

Hardyfood makes the breakfast a delicious pleasure, instead of a hurried stomach-racking necessity that it is in most men's daily routine.

Let Hardyfood get your breakfast on time.

At your grocer's, 10 cents.

PILES

Suffered for 23 Years—Tried Everything Without Avail—"Pyramids" Doing the Work.

A Trial Package Mailed Free to All.

The rectum, like the mouth, is lined with that soft, satiny material known as mucous membrane. Piles is a disease of that membrane, and the blood vessels that lie under it.

Fissure and fistula affect the same membrane and belong to the same family. Pyramid Pile Cure slipped into the bowels, melt and spread themselves over the diseased and painful surface and act just as a salve would if the trouble was on the outside of the body and could be easily seen and gotten at.

The immediate relief they give even in the most agonizing cases will startle you, as it has already startled many thousands of "doubting Thomases" before you, who have tried everything, and sent for the sample package, firmly convinced that they would again be disappointed.

But they weren't. Pyramid Pile Cure don't disappoint. They cure. They are for sale at all druggists at 50 cents a box and are worth an even hundred to the person who needs them.

"This is to certify that I have used three 50c boxes of Pyramid Pile Cure and it has benefitted me more than any other pile remedy I have ever used. I used the sample which you sent me, together with three boxes, and I am so much better, but not entirely cured, as my case is one of 23 years' standing. I did not expect to be cured all at once. I had almost lost all hope of ever getting any remedy that would help me until I tried Pyramid Pile Cure. I believe they will entirely cure me if I continue their use, which I intend doing so long as I can get the money to pay for them. I do not think anyone ever suffered very much more than I have at times. Then I would be so nervous I could not get any ease in any position I could place myself.

"I cannot express my gratitude for the good your medicine has done me. I will continue to tell my friends of their merit. Yours, Emma Bodenhamer, Bedford, Ind."

Or if you want to prove this matter at our expense before purchasing send your name and address to the Pyramid Drug Co., 56 Pyramid Building, Marshall, Mich., and receive a trial package free by return mail.

TREASURY REPLENISHED

Russian Revolutionists Secure $200,000 by Bold Robbery.

St. Petersburg, Oct. 30.—The most daring robbery in the annals of the St. Petersburg police was executed when a band of 15 revolutionists, armed with bombs and revolvers, attacked a cashier of the customs house who was proceeding in a carriage from a sub-treasury with a sum variously given as $120,000 to $200,000. They wrecked the vehicle with a bomb but were driven off by two gendarmes forming the cashier's escort, who made a courageous defense of the treasure.

When the bomb exploded, the cashier, his assistant and two custom house guards jumped out of the carriage and fled in a panic, abandoning the money, but the gendarmes, wounded by the explosion, unslung their rifles and opened fire on the revolutionists. They were soon joined by some passing soldiers and several policemen and the revolutionists, who were mere youths, fled before the growing numbers of the defenders of the treasure.

A running fight ensued lasting 15 minutes and extending for several blocks from the scene of the outrage. The revolutionists, who threw ten or more bombs in their flight, lost two men killed and had five of their number captured. The firing of the rifles and revolvers and the explosion of the bombs were audible throughout the business district and caused great excitement.

After the explosion $120,000 in paper currency was recovered from the wreck of the cashier's carriage. When the gendarmes abandoned the carriage to pursue the robbers, a woman ran from the house from which the revolutionists issued, seized a large package of money and escaped.

Later the total amount in the cashier's possession was officially stated to be $175,000, of which a package containing $125,000 was stolen. But it is said to be possible that the amount of the booty may be raised to $200,000, as the count of the smaller packages has not yet been finished.

Mrs. Oelrichs Contests Will.

New York, Oct. 29.—Mrs. Herman Oelrichs has filed an objection in court to the probate of the will of her late husband, Herman Oelrichs. Her objection is based on the ground that Mr. Oelrichs was not a resident of New York, but of California. Mr. Oelrichs left the bulk of his estate to his brother and sisters.

Deeds. Not Words.

Salem People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit.

The deeds of Doan's Kidney Pills. For Salem Kidney sufferers.

Have made their local reputation.

Proof lies in the testimony of Salem people who have been cured to stay cured.

Marshall Stamp, carpenter, living at the southeast corner of Pine and West Dry Sts., Salem, O., says: "In the month of April, 1899, I gave a testimonial for publication, the substance of which was as follows: 'I suffered from my back and kidneys, had considerable headache and dizziness, particularly if I bent forward. I could hardly lift anything, and the least exertion tired me. Learning about Doan's Kidney Pills I procured a supply at Bolger & French's drug store, and they entirely rid me of the trouble.'

"During the interval that has elapsed I have taken them occasionally, and they never fail to give me quick relief. I always recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Midvale Secures Italian Contract.

Rome, Oct. 29.—The Midvale Steel company of Philadelphia has obtained from the Italian government an order for 2,100 tons of [illegible] state valued at $1,000,000 [illegible] man-of-war.

Aches and Pains.

You know by experience that the aches and pains of rheumatism are not permanently, but only temporarily, relieved by external remedies.

Then why not use an internal remedy—Hood's Sarsaparilla, which corrects the acidity of the blood on which rheumatism depends and cures the diseased?

This medicine has done more for the rheumatic than any other medicine in the world.

Persons who want anything know that The News is the Want Medium of this territory. So read it.

PROGRAM IS BROAD

Workmen's Pensions and Purchase of Railroads Probable in France.

Paris, Oct. 29.—The Clemenceau cabinet has begun the formulation of its program and the indications are that it will be very broad and that possibly some surprises are in store. In well-informed circles the impression prevails that the plans of the government include, besides the complete carrying out of the law providing for the separation of church and state, legislation establishing workmen's pensions, the state purchase of the western and some of the southern railroads, and the creation of a state monopoly of petroleum and alcohol.

The draft of the budget as presented by the budget commission under the Sarrien ministry, which has been bitterly assailed, especially by M. Poincare, the ex-foreign minister, as being improperly balanced, probably will be revised.

UTES IN UGLY HUMOR

Truant Indians Refuse to Return to Their Reservation.

Omaha, Neb., Oct. 29.—Word from the scene of the Indian depredations in Wyoming is to the effect that Capt. Johnson of Maj. Grierson's command, with an orderly and a scout, overtook the Utes on Little Powder river about 40 miles north of Gillette. It is said the Indians absolutely refused to return to their reservation and declared they were going to Dakota.

Maj. Grierson, it is said, has determined to await reinforcements before trying to force the removal of the band, as cowboys report that the Utes are holding nightly dances and are in a mood for trouble.

Never Ask Advice.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy; it cures coughs and colds quickly. Sold by Bolger & French.

Baby Born With Teeth.

Mt. Vernon, O., Oct. 29.—A baby born to Mr. and Mrs. John Rogers on Delaware avenue was discovered to have two large, full-grown upper teeth.

The First Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Sold by Bolger & French.

Hoar's Condition Very Grave.

Worcester, Mass., Oct. 29.—The condition of Congressman Rockwood Hoar is very grave and fears are expressed that he will not survive many hours.

Danger in Fall Colds.

Fall colds are liable to hang on all winter, leaving the seeds of pneumonia, bronchitis or consumption. Foley's Honey and Tar cures quickly and prevents serious results. It is old and reliable, tried and tested, safe and sure. Contains no opiates and will not constipate. Sold by Bolger & French.

GROOMING COUNTS
But it cannot make a Fair Skin or a Glossy Coat.

Women with good complexions cannot be homely. Creams, lotions, washes and powders cannot make a fair skin. Every horseman knows that the satin coat of his thoroughbred comes from the animal's "all-right" condition. Let the horse get "off his feed" and his coat turns dull. Currying, brushing and rubbing will give him a clean coat, but cannot produce the coveted smoothness and gloss of the horse's skin, which is his complexion. The ladies will see the point.

Lane's Family Medicine

Is the best preparation for ladies who desire a gentle laxative medicine that will give the body perfect cleanliness internally and the wholesomeness that produces such skins as painters love to copy.

THE LOYAL LEGION

COOPERATIVE EDUCATIONAL FORUM.

Charles E. Burke, Director.
Columbiana 'phone 362.

Dr. Gladden on "Emancipation."

In the meeting of the American Missionary society in Oberlin Thursday, Rev. Washington Gladden of Columbus discussed the "Problems of Emancipation," and said in part:

"The legacy left us by emancipation is the care of the negro race of the United States. It is a national problem. The burden of this obligation rests on the whole nation, as many of the wisest southern men insist.

"The problem involves the principles on which our nation is founded. It is well stated in the words of Carl Schurz: 'There will be a movement either in the direction of reducing the negroes to a permanent condition of serfdom, or a movement in the direction of recognizing him as a citizen in the full sense of the term.'

After saying that it is impossible to reduce nine millions to serfdom, Dr. Gladden continues:

"Senator Tillman's prediction that race struggles of a bitter nature are likely to be frequent and continuous in the future is not without probabilities. I can see no other outcome of a strife of this nature than segregation of the races.

"Portions of the southern domain would have to be set apart for the blacks. We probably should have three or four states of which the population would be wholly composed of negroes, governing themselves and represented in congress. The blacks would suffer by being thrown on their own resources in their poverty; it would take them several generations to work out the problem of civilization. To the whites the prosperity in which they are now rejoicing would suffer a severe, perhaps a deadly blow.

"It is idiotic to talk of deporting the negroes to some other country; they are here, and here they must stay, and their homes will be in the southern portion of the United States."

Granted Respite.

Washington, Oct. 27.—The President has granted a respite until December 15 to the two negroes, Arthur Adams and Robert Sawyer, under sentence of death at Wilmington, N. C., for mutiny and murder on the high seas. They were members of the schooner Harry A. Berwind, and were convicted of participation in the murder of the captain and others on that vessel.

Death of George Logan.

The funeral of George P. Logan, who died Friday morning, was held from his late home, 327 Clyde street, Youngstown, and the Oak Hill avenue A. M. E. church Sunday afternoon, states the Vindicator. Mr. Logan was a member of Tod post, G. A. R., who had charge of the services and escorted the funeral procession, led by the G. A. R. band, to the Oak Hill cemetery. Rev. Mr. Blackburn, pastor of the church, officiated in the pulpit during the funeral services. Mr. Logan was an old and highly respected citizen of Youngstown, and his worth was demonstrated by the large attendance at the services. A large number of beautiful floral offerings decorated the altar and casket, and the services were very impressive. Mr. Logan was well known by a number of Salem people, and had visited here on several occasions.

Will Open Bakery.

Mrs. Sophia Jackson of Woodland avenue has purchased a one-story building which she will have removed to the rear end of her lot in the near future. The building will be converted into a bakeshop, where a full line of cakes, pies, bread, etc., will be sold. Mrs. Jackson moved to this city from Pittsburg two years ago, and being a pastry cook of long standing in Pittsburg opened a small bakeshop at her home, having a large number of regular customers. Her business has rapidly increased until it has become necessary for her to have a separate building for her work. Mrs. Jackson has won the respect of all of those with whom she has come in contact, and an effort of this kind should be appreciated by all and liberally patronized.

Choir Rehearsal.

The regular teachers' meeting will be held this evening at the home of C. E. Burke, and all teachers of the A. M. E. Z. Sunday school are requested to be present. A rehearsal of the choir will also be held immediately after, and all members are urged to be present.

Rehearsed Last Evening.

The Eureka Concert Co. held a rehearsal last evening at the home of C. E. Burke. The company will consist of the following members for the ensuing year: Misses Grace Rollins and Emma Howard, Mesdames C. E. Burke, J. Davis and Pessie Cary, and Mr. C. E. Burke and Revs. F. M. Ovelton of Youngstown and E. A. Adams of this city.

Personal.

Mrs. Maggie Ford went to Harrisburg, Va., yesterday, where she will visit relatives.

The condition of Mrs. Mary Rollins of Lisbon, who has been seriously ill, is much improved.

Bronchitis for Twenty Years.

Mrs. Minerva Smith of Danville, Ill., writes: "I had bronchitis for 20 years and never got relief until I used Foley's Honey and Tar, which is a sure cure." Sold by Bolger & French.

Jaws Locked by Yawn.

Greensburg, Pa., Oct. 29.—Henrietta Sarver, 18 years, 11 is suffering from locked jaws as a result of yawning. During a period of drowsiness she yawned repeatedly and her jaws became set. Physicians were immediately called, three working the entire night to restore her jaws to their normal position.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at $1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Wonders of a Modern Factory

The Perfect Food Is Made In Absolute Cleanliness.

A visit to the greatest modern food factory is a revelation to anyone not familiar with the development of machinery in recent years. Such a visit verifies the claims of the manufacturers of Malta-Vita, that this perfect whole-wheat food is cooked, steamed, mixed, baked and packed in absolute cleanliness.

"Purity" is the watchword of this wonderful establishment. From the time the wheat is received in the factory until the finished product is shipped out to all parts of the world, Malta-Vita is not soiled by human hands. Machinery, clean, shining machinery conveys the wheat through all the long process, even to the packing and sealing of the air-tight, germ-proof, dirt-proof packages.

After the wheat has been thoroughly cooked and steamed it is mixed with pure barley malt extract and each grain of the malted wheat is rolled into a wafer-like flake. Then it goes to the great ovens where, under intense heat, it is baked crisp and brown—Malta-Vita, the most delicious, the most healthful food in the world.

Malta-Vita is always ready to eat. No cooking. No inconvenience. And you never tasted anything quite so good. All grocers, now 10 cents.

METCALF SENT WEST

President Desires Information About Anti-Japanese Movement in Frisco.

GOVERNMENT IS EMBARRASSED

Representations of Japanese Ambassador Discussed by Cabinet and Decision Reached to Send Mr. Metcalf to Make an Investigation.

Washington, Oct. 27.—President Roosevelt has directed Victor H. Metcalf, secretary of the department of commerce and labor, to proceed to San Francisco and make an inquiry into the exclusion of Japanese children from the public schools and the determination to place Japanese children in separate schools. The president is anxious to obtain at first hand full information on the subject.

VICTOR HOWARD METCALF.

The determination to send Secretary Metcalf to San Francisco was one of the results of the requests made by Viscount Aoki, the Japanese ambassador, who at a conference with Secretary Root asked that the Japanese in California be accorded their full rights under the treaty of 1894, including that of the children to attend the public schools.

This request was the subject of a very long and earnest discussion at the cabinet meeting, when the conclusion was reached that the best thing to do was to send Mr. Metcalf to California. The dispatch of a cabinet officer on such a mission it was argued, would demonstrate to the Japanese the evident sincerity of this government in dealing with the whole subject and its desire to show that every effort is being made to get at the facts.

Administration officials do not hesitate to express privately their views of the present anti-American feeling growing out of the wrongs which the Japanese declare they have suffered, and one member of the cabinet said after the meeting that the general opinion of the cabinet was that the situation was exceedingly grave and would require the most delicate treatment to prevent an open rupture. The president is doing all in his power to show the Japanese that there is no general feeling against the race but that trouble is entirely local, and expressed gratification when he learned through Ambassador Aoki that the Japanese press is for the most part attempting to check the feeling against Americans.

YOUR FILTERS
CHOKED BY URIC ACID CRYSTALS

Did you ever read the Story of the Blood?

How it goes all through your system picking up and carrying away all waste matter—all impurities?

The blood thus laden with waste matter, goes through your filters—your kidneys. They filter out impurities—principally uric acid.

But if your kidneys—the body's filters—become clogged, then the uric acid remains in the blood and your health is gradually broken down.

It is in this way that uric acid causes rheumatism, neuralgia, catarrh, kidney and stomach trouble.

Physicians' Own Theory Of Uric Acid Diseases

Did you ever get a grain of sand in your eye?

Well—when your kidneys get out of order and your system fills up with uric acid, this acid turns into little sharp grains like sand.

And these sharp sand-like grains of uric acid go cutting and scratching through the delicate tubes leading into your kidneys, and these little tubes are just as tender as your eye.

Imagine the irritation and inflammation they cause! That is kidney trouble. But the uric acid does more—far more.

It forms what your physician calls uric salts—and when you catch cold—get your feet wet; worry, or over-work yourself, your blood deposits these salts in different parts of your body.

They collect in the joints and produce articular Rheumatism—in the muscles, causing Inflammatory Rheumatism—in the membranes, causing catarrh, and so with stomach trouble—Neuralgia, Heart Disease, Eczema and other troubles.

LIFE PLANT'S ACTION ON URIC ACID

When you get anything in your eye—what is the first thing you do? Get it out—don't you?

Well when your system gets full of uric acid and you have Kidney Trouble, Catarrh, Neuralgia, etc.—how will you cure yourself?

By getting rid of the uric acid! Isn't that reasonable?

That is just what **LIFE PLANT** is made to do. It goes direct to the afflicted part—dissolves the uric acid—and the kidneys, flushed by the **LIFE PLANT**, carry the uric acid out of the body.

LIFE PLANT is made of herbs. It is not a patent medicine and contains no drugs—no narcotics. It is a harmless but certain cure for uric acid diseases.

Write us for information concerning the thousands of people who have been cured by **LIFE PLANT**. Write us today.

THE SYMPTOMS OF EXCESS URIC ACID

Headache, poor digestion, biliousness, dry skin, shortness of breath, palpitation, darting pains, dark-colored urine, sluggish brain, sleeplessness, and in women, menstrual disorders.

These are the beginnings of disease, and demand immediate attention.

If you have any of the above symptoms, take LIFE PLANT at once, and ward off serious illness. If you have any of the diseases that follow these symptoms, act at once. LIFE PLANT cures by removing the cause.

MEDICAL ADVICE FREE

The Empire Made Good.

The Empire family vaudeville theater was packed to the doors last night at the opening performance by an interested and amused audience. Every act went off without a hitch, and generous applause followed each telling stunt. Miss Viola Knapp in her dancing and mimicry was particularly good, and the Welchs as Irish comedy artists had the crowd with them from the start. The Musical Russels made good and were recalled several times, while Drako with his educated sheep and dogs carried off the honors with the ladies and children. It was a good show, a corking good show.

Starkey Will Serve Seven Years.

Columbus, Oct. 30.—J. Sidney Starkey, a former Columbiana county man who was recently sentenced to seven years in the penitentiary by the Meigs county courts for forgery, arrived here yesterday to begin his term. He was accompanied by his sweetheart, to whom he gave all of his jewelry before he passed from the guardroom behind the big iron gates.

Cases to Be Heard.

The cases of Messrs. Maley and Jewell, Sebring residents indicted by the recent Mahoning county grand jury in connection with a case of a delicate nature, are expected to be reached in court at Youngstown this week. The accused will be represented by Attorney Ewing of Sebring and Ed H. Moore and W. T. Anderson of Youngstown.

Track Laying to Begin.

Lisbon, Oct. 30.—Track laying will commence here within a day or so on the Y. & O. R. railroad. Rails and ties were distributed yesterday along a considerable stretch of the route in the east end of town, north from the point where the junction with the P. L. & W. will be effected.

STANDARD FINED $5,000

And Given 60 Days to Raise the Money by Findlay Judge.

Findlay, O., Oct. 30.—The Standard Oil company has been fined $5,000 and costs of prosecution for operating in restraint of trade in Ohio. The defense was allowed 40 days to file a bill of exceptions and sentence was suspended 60 days to give the defense time to file petition in error.

Judge Banker overruled the motion filed by the attorneys of the Standard Oil company for a new trial. On motion of the defense the court ordered that the defendant company be allowed 40 days in which to prepare and file its bill of exceptions in the case and on another motion by Standard attorneys Joseph O. Troup of Bowling Green, O., and S. H. Tolles of Cleveland, the sentence imposed was ordered suspended for 60 days for the purpose of filing a petition on error in this case. It was also ordered that the criminal informations pending against John D. Rockefeller, the Buckeye Pipe Line company, and the Manhattan Oil company be continued until the next term of court.

The fine imposed by Judge Banker was the limit for one offense, though the law stipulates that each day that the illegal combination business is carried on constitutes a separate offense. Taking this view of the statutes it was possible for the court to impose an aggregate of fines amounting to over $6,000,000.

AIRLINE PROJECT O. K.

Governor Approves Joseph Ramsey's Latest Project.

Harrisburg, Pa., Oct. 30.—The governor has approved the merger of the Indiana, Clearfield & Eastern, the Allentown, Tamaqua & Ashland, and the Brush Creek & Crows Run railroad companies under the name of the New York, Pittsburg & Chicago Airline Railroad company.

The continuous line will run from Allentown to a connection with the Ohio river junction line in North Sewickley township, Beaver county, and also connect at Bowen Junction, Clearfield county, with the New York Central & Hudson River line. The capital is $850,000. W. R. Lindsay, Pittsburg, is president.

YEOMAN RUN AWAY WITH SAILOR'S MONEY.

Havana, Oct. 30.—Capt. Arthur P. Nazro of the cruiser Brooklyn has requested the police to arrest two deserters, Charles N. Fernald, yeoman, of Atlantic City, N. J., and David A. Harman, yeoman, of Hazleton, Pa. These men left the Brooklyn in charge of a mail pouch in which there were registered letters containing $1,800 for transmission to the United States. The crew of the Brooklyn had just been paid off and the men were sending money home.

HARMFUL STOMACH DOSING.

No Need of It When Hyomei is Used to Cure Catarrh.

Physicians and scientists agree that the less medicine one swallows, the better. It is in keeping with this idea that Hyomei is recommended by leading physicians throughout this and other catarrhal regions.

When this treatment is used in catarrhal troubles there is no stomach dosing, for the medicine is taken in with the air you breathe, and goes right to the spot where the catarrhal germs are present, healing the inflamed and irritated mucous membrane, killing the disease germs and entering the blood with the oxygen, driving all catarrhal germs from the system.

Do not try to cure catarrh of the head by putting medicine into your stomach—this is neither a scientific nor common-sense treatment. Breathe the healing balsams of Hyomei and in a few days you will notice relief, and its continued use will result in a complete and lasting cure.

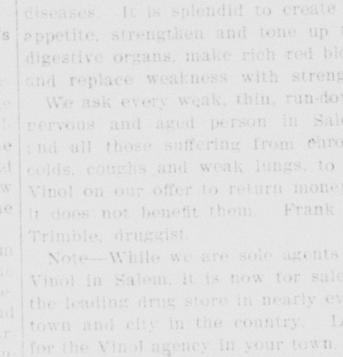
Bolger & French and M. S. Hawkins have seen so many cures made by Hyomei among their customers, several of them cases where all hope of relief had been given up, that they give an absolute guarantee to cure or money will be refunded, with every outfit they sell.

The complete Hyomei outfit costs but $1, while extra bottles of Hyomei, if needed, are only 50 cents.

Sebring Wants a Revival.

Sebring people are making an effort to arrange for the holding of two big revivals there this winter. Rev. Mr. Carridine has been secured to lead a ten days' revival early in the winter, and an effort is also being made to secure Evangelist C. H. Yatman, who recently conducted a successful revival here.

DR. BOUCHELLE



Dr. L. B. Bouchelle of Thomasville, Ga., a physician well known in the South, is very enthusiastic over the cod liver oil preparation, Vinol. He says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary diseases and to create strength."

Our local druggist, Frank F. Trimble, says the people of Salem should remember that Vinol is not a patent medicine, but the medicinal elements of good old-fashioned cod liver oil in a highly concentrated form—taken direct from fresh cods livers—the useless oil eliminated and tonic iron added.

This is why it is prescribed so generally for bronchial and pulmonary diseases. It is splendid to create an appetite, strengthen and tone up the digestive organs, make rich red blood and replace weakness with strength.

We ask every weak, thin, run-down, nervous and aged person in Salem, and all those suffering from chronic colds, coughs and weak lungs, to try Vinol on our offer to return money if it does not benefit them. Frank F. Trimble, druggist.

Note—While we are sole agents for Vinol in Salem, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
